

**SUGARCREEK TOWNSHIP
RESOLUTION NO. 2013.02.04.04**

IN RE: 2013 Collective Bid Agreement with Greene County Engineer

WHEREAS, this Board of Trustees has agreed to participate in the Collective Paving Program and the Collective 422 Chip Seal (County doing the work) 2013 Program offered by the Greene County Engineer; and,

WHEREAS, this opportunity enables Sugarcreek Township to participate in a competitive bidding contract that the Greene County Engineer offers to all government entities of Greene County; and,

WHEREAS, this cooperative Collective Bid Program affords significant savings to Sugarcreek Township through the economies of scale realized by group purchasing and unified contract administration,

NOW THEREFORE, BE IT RESOLVED, that this Board of Trustees, by executing the attached document, does hereby enter into said agreement and authorizes payment for the Township's proportional share of roadwork completed.

Michael E. Pittman, Chairperson

Scott W. Bryant, Vice Chairperson

Nadine S. Daugherty, Trustee

Theodore L. Hodson, Fiscal Officer

ROBERT N. GEYER, P.E., P.S.

2090 Ferry Road
Bellbrook, Ohio 45305

Re: Collective Bidding Programs For 2013

Dear Barry:

Enclosed you will find the following sheets that need to be completed, if you are interested in participating in these programs. Please return to our office no later than **3:30 p.m. on February 14, 2013**:

- | | |
|--|--|
| 1. Collective Paving Program | (Figure \$62 to \$68 per ton) |
| 2. Collective 422 Chip Seal | (Figure \$1.10 to \$1.50 per square yard) |
| 3. Collective Micro Resurfacing Program | (Figure \$2.75 per square yard) |
| 4. Collective NEW Guardrail Installations | (Figure \$16.00 per lineal foot, plus \$90 per end and 9 foot posts (if needed) figure at an additional \$15 each) |
| 5. Collective Center Line/Edge Line
(County doing work) | (Figure \$600 per mile) |

Cape Seal is also an option, which is a chip seal with a micro overlay. If you want this please fill out the sheet for both chip seal and micro.

If you are interested in center line/edge line you must have a current Center Line Survey (No Passing Zone) done prior to the striping. The figures to the right of each program are estimated bidding costs which you can use in figuring what you would like to do. I would add 5% to these for escalation and contingency.

If there is not enough interest in the guardrail and micro mix collectively, this office is willing to help the interested entities in developing a quote. Should you have any questions, please don't hesitate to contact Luke Trubee in this office.

Sincerely,

Robert N. Geyer, P.E., P.S.
Greene County Engineer
